

Female-to-Female Attenuator

Features

- High precision in attenuation
- Small size
- Good stability
- FC, SC and ST types available

Applications

- Optical fiber CATV systems
- Optical fiber communication systems
- Test instruments
- Optical fiber sensors

Technical Specs

Type	FC	SC	LC	ST
Attenuation (dB)	3,5,8,10,15,20			
Attenuation Precision (dB)	±10%			
Operating Temperature (°C)	-40 to +85			
Storage Temperature (°C)	-40 to +85
